Hi Lisa,

Thank you for sending these letters through and providing the additional background information in the previous email. I've been working with DWP to get an update on where the project stands and what steps need to be taken in order to bring the project back to board for approval. We will keep you abreast of the process as our timeline becomes clear.

Can we connect to discuss what organisations and groups in addition to the NC were involved voicing support? I'm available most of this week to chat.

Thank you,  
Rebecca

Dear Rebecca:

I have located two (2) Letters indicating support for the above referenced project with DWP. These are from the Central Hollywood Neighborhood Council which were submitted to the original planning files.

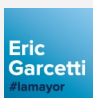

Please let me know if you need any further documentation.

Thank you,
